-	Easy to we insuface for both customers and
	hotel stall.
->	Provide multilingual support for international customers.
	FUGANAGUPIUTY
->	log crears and track them for quickly resolutions.
3	A CCEALUDI WIN
->	Ensure the system is accessible to users with
	disabilities.
	Brief tue the Brief of Attendant Start
•	Problem Statement?
	nanaging hetel operations such as reserveation
	billing shoom service and housekeeping munually
	or through feagmented systems lead to inefficiencies
	errors and poor customer experiences.
	Therefore there is a need for a comprehensive Hatel Management System that streamlines hatel operations,
	Planagement System that streamlines hotel operations,
	neducis manual workload.
